

WALL BLOCKS

Belvedere Collection wall blocks are provided in six basic sizes. The blocks are finished on the front and back faces. Both sides of the wall blocks are tapered on each side approximately 1" from the front to the back of the block. There are multiple face/texture patterns for each basic block size, providing a more random look for your finished project. Average block weights of the different face/texture patterns are shown. Weights of individual blocks may vary.

BLOCK 1

- Weight = ±10 lbs
- 12 per Pallet

BLOCK 2

- Weight = ±22 lbs
- 12 per Pallet

BLOCK 3

- Weight = ±36 lbs
- 12 per Pallet

BLOCK 4

- Weight = ±21 lbs
- 12 per Pallet

BLOCK 5

- Weight = ±42 lbs
- 12 per Pallet

BLOCK 6

- Weight = ±67 lbs
- 12 per Pallet

WALL PALLET

- Pallet weight = ± 2,475 lbs (incl. pallet weight)
- Coverage = ± 27 sft / Pallet when used in a Retaining Wall and ± 25 sft / Pallet when used in a Freestanding wall

Note: Blocks may be palletized upside down at some manufacturers.

CORNER BLOCKS

The Belvedere Collection contains 2 corner blocks sizes. The blocks are finished on 3 sides. The 4th side is tapered to fit with retaining wall blocks. The corner blocks can be used to construct columns, provide a finished end on a freestanding wall, and to make 90° corners. There are multiple face/texture patterns for both column blocks sizes, providing a more random look for your finished project. Average block weights of the different face/texture patterns are shown. Weights of individual blocks may vary.

BLOCK 7

- Weight = ± 30 lbs
- 16 per Pallet

BLOCK 8

- Weight = ± 58 lbs
- 16 per Pallet

CORNER PALLET

- Pallet weight = ± 1,520 lbs (incl. pallet weight)
- Coverage = ± 24 sft / Pallet

COPING BLOCKS (CAPS)

Belvedere Collection coping blocks are provided in five basic sizes. There are three standard coping blocks which are finished on the front, back, and top faces. The standard coping blocks are tapered approximately 1" on each side from the front to the back of the block. There are also two end units which are finished on front, back, top, and one of the sides. The other side is tapered approximately 1" from the front to the back of the block. The end units are useful for constructing corners and ends. There are multiple face/texture patterns for each basic block size, providing a more random look for your finished project. Average block weights of the different face/texture patterns are shown. Weights of individual blocks may vary.

BLOCK 9

- Weight = ±9 lbs
- 24 per Pallet

BLOCK 10

- Weight = ±20 lbs
- 24 per Pallet

BLOCK 11

- Weight = ±30 lbs
- 12 per Pallet

BLOCK 12

- (Left End)*
- Weight = ±29 lbs
 - 6 per Pallet

BLOCK 13

- (Right End)*
- Weight = ±34 lbs
 - 6 per Pallet

COPING PALLET

- Pallet weight = ± 1,550 lbs (incl. pallet weight)
- Coverage = ± 66 linear feet / Pallet
